Hi Aaron,

Hope you're doing well...

We want to get SB 209 from last session re-drafted. This was the bill regarding the hunters license plate.

We had done a sub, and that is the form in which we would like to draft it...

Let me know if you have any questions. Thanks!

ReGaw

1 AN ACT *to renumber and amend* 341.14 (6r) (c); *to amend* 341.135 (2m), 341.14  
2 (6r) (b) 1., 341.14 (6r) (e), 341.14 (6r) (f) (intro.) and 341.14 (6r) (fm) 7.; and *to*  
3 *create* 25.29 (1) (f), 25.40 (1) (a) 23., 341.14 (6r) (b) 1m., 341.14 (6r) (b) 11.,  
4 341.14 (6r) (c) 2. and 341.14 (6r) (f) 58. of the statutes; **relating to:** special  
5 distinguishing registration plates expressing enthusiasm for hunting and  
6 fishing for sport and recreation. ✓

***Analysis by the Legislative Reference Bureau***

Under current law, any group or organization may apply to the Department of Transportation (DOT) for designation as an authorized special group. ✓ If the application is approved, members of the authorized special group may obtain special distinguishing license plates for certain vehicles, including automobiles and motor homes that are owned or leased by special group members. ✓ A fee, in addition to the regular registration fee for the particular kind of vehicle, is assessed for the issuance or reissuance of most special plates. ✓

Before October 2, 1998, authorized special groups whose members may obtain special distinguishing license plates were specifically enumerated in state law. Current law provides that specific enumeration in state law of authorized special groups is limited to those special groups enumerated before October 2, 1998. ✓

2011 This bill establishes an authorized special group specifically enumerated in state law for persons interested in obtaining special distinguishing registration plates expressing their enthusiasm for hunting and fishing for sport and recreation in this state. In addition to the regular vehicle registration fee, special group members are required to pay a \$15 fee for issuance or reissuance of the special plates and an additional \$15 annual fee that is deposited in the conservation fund to be used by the Department of Natural Resources for the management of the fish and wildlife resources of this state. The bill specifies the design of the special group plates, which must include a picture of a white-tailed deer and a nature scene in the background. However, DOT may issue the special group plates only if DOT receives, prior to June 30, 2009, contributions at least equal to the initial costs of production of the plates from interested persons to cover DOT's costs of implementation, and, if sufficient contributions are received, only after DOT has completed the development work necessary for implementation. If DOT does not receive sufficient contributions by June 30, 2009, DOT must return all contributions, less a limited transaction fee for costs associated with the return of contributions. These contributions to DOT may not be applied to any fee established for the special group plates if DOT subsequently issues the plates.

Current law requires DOT to establish new designs for most vehicle registration plates, including most special plates, every ten years and to issue the new plates on a rolling basis as vehicle registrations are renewed by the vehicle owners. This bill exempts the special plates established under the bill from the ten-year redesign cycle.

## 2007 BILL

2             (6r) (b) 1., 341.14 (6r) (e), 341.14 (6r) (f) (intro.) and 341.14 (6r) (fm) 7.; and **to**

4             341.14 (6r) (c) 2. and 341.14 (6r) (f) 58. of the statutes; **relating to:** special  
5             distinguishing registration plates expressing enthusiasm for hunting and  
6             fishing for sport and recreation.

---

### ***Analysis by the Legislative Reference Bureau***

Under current law, any group or organization may apply to the Department of Transportation (DOT) for designation as an authorized special group. If the application is approved, members of the authorized special group may obtain special distinguishing license plates for certain vehicles, including automobiles and motor homes that are owned or leased by special group members. A fee, in addition to the regular registration fee for the particular kind of vehicle, is assessed for the issuance or reissuance of most special plates.

Before October 2, 1998, authorized special groups whose members may obtain special distinguishing license plates were specifically enumerated in state law. Current law provides that specific enumeration in state law of authorized special groups is limited to those special groups enumerated before October 2, 1998.

This bill establishes an authorized special group specifically enumerated in state law for persons interested in obtaining special distinguishing registration

**BILL**

plates expressing their enthusiasm for hunting and fishing for sport and recreation in this state. In addition to the regular vehicle registration fee, special group members are required to pay a \$15 fee for issuance or reissuance of the special plates and a \$15 annual fee that is deposited in the conservation fund to be used by the Department of Natural Resources for the management of the fish and wildlife resources of this state. The bill specifies the design of the special group plates, which must include a picture of a white-tailed deer and a nature scene in the background. However, DOT may issue the special group plates only if DOT receives, prior to June 30, 2011, contributions at least equal to the initial costs of production of the plates from interested persons to cover DOT's costs of implementation, and, if sufficient contributions are received, only after DOT has completed the development work necessary for implementation. If DOT does not receive sufficient contributions by June 30, 2011, DOT must return all contributions, less a limited transaction fee for costs associated with the return of contributions. These contributions to DOT may not be applied to any fee established for the special group plates if DOT subsequently issues the plates.

Current law requires DOT to establish new designs for most vehicle registration plates, including most special plates, every ten years and to issue the new plates on a rolling basis as vehicle registrations are renewed by the vehicle owners. This bill exempts the special plates established under the bill from the ten-year redesign cycle.
